Overall Height:

1.4380 inches

Overall Outside Diameter:

13.5000 inches

Bore Smallest Diameter:

11.2486 inches

Largest Bore Diameter:

12.1250 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Material:

Steel outer ring

Style Designator:

Grooved raceways, small bore center washer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
