Overall Width:

Between 0.4320 inches and 0.4370 inches

Bore Diameter:

Between 0.3141 inches and 0.3150 inches

Overall Outside Diameter:

Between 0.4972 inches and 0.4976 inches

Surface Finish:

Ground

Alignment Type:

Rigid

Special Features:

No lubricant, ship dry, heat stabilized at 700 degrees f, ship with plastic plug to retain rollers

Material:

Steel comp 440c

Style Designator:

Separable rollers, no inner race, hardened and ground

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
