Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Bore Shape:

Straight

Locating Feature:

Two direction

Internal Clearance:

0.0020 inches radial and 0.0030 inches radial

Special Features:

Retainer silver plated

Material:

Steel comp e52100 roller

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
