Lubrication Material:

Grease

Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Shield Quantity:

2

Load Direction:

Radial

Standard Tolerance Designation:

Abec no.7

Bearing Preload Rating:

2.0 pounds

Special Features:

Pair of bearings suitable for face to face duplex mounting

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
