**Overall Width:**

Between 1.3388 inches and 1.3438 inches

**Bore Diameter:**

Between 0.7500 inches and 0.7505 inches

**Overall Outside Diameter:**

Between 1.8499 inches and 1.8504 inches

**Lubrication Material:**

Grease

**Outer Ring Width:**

14.00 millimeters

**Surface Finish:**

Ground

**Seal Quantity:**

2

**Bearing Seal Type:**

Labyrinth

**Load Direction:**

Radial

**Bore Shape:**

Straight

**Internal Fit-up Designation:**

Standard

**Special Features:**

Furnished w/retaining ring

**Lubrication Material:**

Grease

**Lubrication Material Specification:**

Od-g-24508 military specification single material response

**Material:**

Steel

**Style Designator:**

Single row ball, external self-aligning, inner ring extended both sides, with eccentric locking collar

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A044a0

**Mil-std (military Standard):**

spec.
