Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Bore Shape:

Straight

Locating Feature:

Nonlocating

Internal Clearance:

0.0005 inches radial and 0.0012 inches radial

Standard Tolerance Designation:

Rbec no.5

Special Features:

Retainer silver plated

Material:

Steel roller

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
