Overall Length:

0.4400 inches

Rolling Element Diameter:

0.0625 inches

Special Features:

Hardened, cold stabilized and tempered to 57-60 rockwell c scale hardness

Material:

Stainless steel

Style Designator:

Needle roller, spherical ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
