Overall Height:

Between 6.0150 inches and 6.9850 inches

Bore Diameter:

Between 11.9982 inches and 12.0000 inches

Overall Outside Diameter:

Between 18.8750 inches and 18.8775 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Self-aligning

Thrust Directional Capability Designation:

Single

Self-alignment Location:

Internal

Material:

Steel washer

Style Designator:

Flat race surface, cylindrical rollers

Departure From Cited Document:

One

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
