Overall Width:

30.0 millimeters

Bore Diameter:

70.0 millimeters

Overall Outside Diameter:

4.6100 inches

Outer Ring Width:

30.0 millimeters

Inner Ring Width:

22.0 millimeters

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Bore Shape:

Straight

Locating Feature:

Nonlocating

Internal Clearance:

0.0045 inches radial and 0.0057 inches radial

Standard Tolerance Designation:

Rbec no.5

Material:

Steel comp e52100 roller

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
