Overall Height:

Between 1.0510 inches and 1.0640 inches

Bore Diameter:

Between 1.1811 inches and 1.1814 inches

Overall Outside Diameter:

2.8130 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Self-aligning

Thrust Directional Capability Designation:

Single

Self-alignment Location:

External

Special Features:

Banded od

Material:

Steel washer

Style Designator:

Flat race surface, cylindrical rollers, w/seating ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
