Duplex Ball Bearing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-00-876-2412

## **Overall Width:**

44.0 millimeters

# **Bore Diameter:**

120.0 millimeters

# **Overall Outside Diameter:**

170.0 millimeters

## Surface Finish:

Ground

## **Retainer Fabrication Method:**

Machined

## Load Direction:

Angular

## **Internal Clearance:**

0.0003 inches axial and 0.0045 inches radial and 0.0055 inches radial

# **Standard Tolerance Designation:**

Abec no.5

# Special Features:

Bearings marked w/same serial no., bearings stabilized for operation from m 65 to p 300 degrees f

# Material:

Steel comp e52100 outer ring

## Material Specification:

Fed-std-66 federal standard single material response outer ring

## Style Designator:

92b counterbored outer rings, non-separable, back to back mounting

## **Test Data Document:**

21335-aps33 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 21335-aps36 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 38443-agcp-2 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 38443-aqc+9-a specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 52676-a47168a3 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). And 52676-a47163a7 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specification format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.).
