Rolling Element Diameter:

0.2500 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 200

Special Features:

Min surf. Hardness rc 60.0

Material:

Steel comp 1008 or steel comp 1009 or steel comp 1010 or steel comp 1011 or steel comp 1012 or steel comp 1013 or steel comp 1015 or steel comp 1016 or steel comp 1017 or steel comp 1018 or steel comp 1019 or steel comp 1020 or steel comp 1021 or steel comp 1022

Material Specification:

66 federal standard all material responses

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
