Overall Height:

0.6450 inches

Overall Outside Diameter:

3.0940 inches

Bore Smallest Diameter:

2.2500 inches

Retainer Fabrication Method:

Stamped

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Features Provided:

Aligning ring

Style Designator:

Grooved race surface, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
