Bore Diameter:

Between 4.4992 inches and 4.5000 inches

Overall Outside Diameter:

Between 6.9990 inches and 7.0000 inches

Outer Ring Width:

2.5000 inches

Inner Ring Width:

2.5150 inches

Alignment Type:

Rigid

Standard Tolerance Designation:

Afbma standard tolerance for industrial needle bearings

Special Features:

Oil hole and groove in inner and outer races

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
