Overall Height:

Between 0.4950 inches and 0.6000 inches

Overall Outside Diameter:

Between 1.6720 inches and 1.6770 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

13 degrees tapered bore, 10 degrees angular contact

Style Designator:

Grooved race surface, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
