**Rolling Element Diameter:**

0.8750 inches

**Standard Tolerance Designation:**

Afbma standard tolerance for balls, grade 200

**Material:**

Nickel alloy

**Material Specification:**

Mi-b-1083, comp 10 federal specification single material response

**Style Designator:**

Ball

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A044a0
