Rolling Element Diameter:

0.8750 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 200

Material:

Nickel alloy

Material Specification:

Mi-b-1083, comp 10 federal specification single material response

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
