Rolling Element Diameter:

Between 0.3437 inches and 0.3439 inches

Special Features:

Metallic hardness rating rockwellc min 62.0 in. And maximum 65.0 in.

Material:

Steel comp e50100 ball or steel comp e51100 ball or steel comp e52100 ball

Material Specification:

Ams 7440 assn standard single material response ball

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
