**Rolling Element Diameter:**

0.1560 inches

**Standard Tolerance Designation:**

Afbma standard tolerance for balls, grade 100

**Special Features:**

Metallic hardness rating rockwellc min 55.0 in. And maximum 64.0 in.

**Material:**

Steel comp 440a

**Material Specification:**

Aisi assn standard single material response

**Style Designator:**

Ball

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A044a0
