Rolling Element Diameter:

0.1560 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 100

Special Features:

Metallic hardness rating rockwellc min 55.0 in. And maximum 64.0 in.

Material:

Steel comp 440a

Material Specification:

Aisi assn standard single material response

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
