Rolling Element Diameter:
0.1560 inches
Standard Tolerance Designation:
Afbma standard tolerance for balls, grade 100
Special Features:
Metallic hardness rating rockwellc min 55.0 in. And maximum 64.0 in.
Material:
Steel comp 440a
Material Specification:
Aisi assn standard single material response
Style Designator:
Ball
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A044a0
