Overall Height:

Between 0.6245 inches and 0.6255 inches

Bore Diameter:

Between 1.1971 inches and 1.1979 inches

Overall Outside Diameter:

Between 2.1875 inches and 2.1885 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Special Features:

Oil holes in retainer

Material:

Steel

Style Designator:

Tapered rollers, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
