Rolling Element Diameter:
0.1876 inches
Standard Tolerance Designation:
Afbma standard tolerance for balls, grade 5
Special Features:
Passivated
Material:
Steel comp 440c
Material Specification:
66 federal standard single material response
Style Designator:
Ball
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A044a0
