1.1250 inches End Application: Gen dynamics f-16 acft Rolling Element Diameter: 0.7810 inches Retainer Fabrication Method: Stamped	
End Application: Gen dynamics f-16 acft Rolling Element Diameter: 0.7810 inches Retainer Fabrication Method: Stamped	
Gen dynamics f-16 acft Rolling Element Diameter: 0.7810 inches Retainer Fabrication Method: Stamped	
Rolling Element Diameter: 0.7810 inches Retainer Fabrication Method: Stamped	
0.7810 inches Retainer Fabrication Method: Stamped	
Retainer Fabrication Method: Stamped	
Stamped	
Retainer Piece Quantity:	
2	
Material:	
Steel	
Style Designator:	
Retainer and rollers, thrust	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No	
Fiig:	
A044a0
