**Overall Height:**

0.4375 inches

**Overall Outside Diameter:**

1.8750 inches

**Bore Smallest Diameter:**

1.2500 inches

**Surface Finish:**

Ground

**Retainer Fabrication Method:**

Molded

**Alignment Type:**

Rigid

**Thrust Directional Capability Designation:**

Single

**Standard Tolerance Designation:**

Afbma standard tolerance for thrust bearings

**Material:**

Steel comp e52100 washer

**Material Specification:**

Aisi assn standard single material response washer

**Style Designator:**

Flat race surface, in line ball retainer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A044a0
