Overall Height:

0.4375 inches

Overall Outside Diameter:

1.8750 inches

Bore Smallest Diameter:

1.2500 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Molded

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Standard Tolerance Designation:

Afbma standard tolerance for thrust bearings

Material:

Steel comp e52100 washer

Material Specification:

Aisi assn standard single material response washer

Style Designator:

Flat race surface, in line ball retainer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
