Rolling Element Diameter:

Between 0.28115 inches and 0.28250 inches

Standard Tolerance Designation:

Afbma standard tolerance for balls, grade 200

Material:

Steel

Material Specification:

30.166, fscm 15434 mfr ref single material response

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
