Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Bore Shape:

Straight

Locating Feature:

Nonlocating

Internal Clearance:

0.0015 inches radial and 0.0020 inches radial

Standard Tolerance Designation:

Rbec no.5

Material:

Steel comp 4340 retainer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
