Overall Width:

Between 0.1910 inches and 0.1960 inches

Bore Diameter:

Between 0.1872 inches and 0.1875 inches

Overall Outside Diameter:

Between 0.4997 inches and 0.5003 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Pressed

Shield Quantity:

2

Load Direction:

Radial

Bore Shape:

Straight

Internal Fit-up Designation:

Standard

Criticality Code Justification:

Abmk and feat

Special Features:

25 porm 5 percent full lube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A044a0
