End Application:

Pratt & whitney jet engines & components, f-100-p-100

Criticality Code Justification:

Agav

Special Features:

Used with bearing support

Material:

Titanium alloy uns r56400

Material Specification:

Ams 4928 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
