End Application:
Pratt & whitney jet engines & components, f-100-p-100
Criticality Code Justification:
Agav
Special Features:
Used with bearing support
Material:
Titanium alloy uns r56400
Material Specification:
Ams 4928 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:

A044a0
