Bearing Ball - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3110-01-298-9754

#### **Rolling Element Diameter:**

0.0620 inches

#### **Special Features:**

Hardness shall be rb 54 to 72 with readings taken on parallel flats, per astm e 18

#### Material:

Aluminum alloy 2017

#### Material Specification:

Qq-a-225/5 federal specification single material response

### Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

#### Demilitarization:

No

---

## Fiig:

A044a0
