**End Application:**

Deck shelter track assembly & dets

**Rolling Element Diameter:**

0.7500 inches

**Special Features:**

1 hole 0.506 to 0.508 dia, 0.859 spherical radius

**Material:**

Plastic acetal

**Material Specification:**

Af-de-588 assn standard single material response

**Style Designator:**

Cylindrical roller, spherical ends

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A044a0
