End Application:

Ch-53e helo (common & peculiar)

Material:

Steel comp 1117

Material Specification:

Aisi1117 assn standard single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 1 federal specification single treatment response

Style Designator:

Needle roller, conical ends

Fsc Application Data:

Starter, hydraulic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
