Lubrication Material:

Grease

Seal Quantity:

2

Bearing Seal Type:

Contact

Criticality Code Justification:

Zzzy

Special Features:

Type 111 class 8 size 208

Lubrication Material Specification:

Dod-g-24508 federal standard single material response

Material:

Steel

Reference Number Differentiating Characteristics:

Quiet operation tested for submarine usage

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A044a0

Mil-std (military Standard):

Mil-b-17931 spec.
