Overall Height:

0.3750 inches

Overall Outside Diameter:

0.8750 inches

Bore Smallest Diameter:

0.5000 inches

Largest Bore Diameter:

0.5000 inches

Surface Finish:

Ground

Retainer Fabrication Method:

Machined

Alignment Type:

Rigid

Thrust Directional Capability Designation:

Single

Material:

Steel washer

Style Designator:

Flat race surface, in line ball retainer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
