End Application:

Valve, regulating, si

Rolling Element Diameter:

0.0468 inches

Special Features:

Grade 48 series, afbma-std-10; matl hardness shall be 58-65 hrc

Material:

Stainless steel

Material Specification:

Astm a276, uns s44003 or uns s44004 assn standard single material response

Style Designator:

Ball

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0

Mil-std (military Standard):

Mil-b-1083 spec.
