Bore Diameter:

3.000 millimeters

Overall Outside Diameter:

4594.000 inches

Smallest Outside Diameter:

3.000 inches

Product Name:

Axial deep groove ball bearing (series d)

Special Features:

Single direction; w/retainer; inch sizes; weight 205 lbs;

Style Designator:

Grooved race surface, banded od

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
