Overall Length:

2.375 inches

Working Bore Diameter:

0.281 inches

Distance Between Retaining Rings:

2.125 inches

Product Name:

Bearing, ball linear

Special Features:

Flange mounted unit, will function efficiently whether

Material:

Stainless steel ball

Style Designator:

Self-aligning

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
