Overall Length:

1.563 inches

Overall Diameter:

Between 2.596 inches and 2.600 inches

End Application:

Spring tower

Product Name:

Roller, tapered

Special Features:

Roller hardness (c) 48-53

Material:

Steel

Supplementary Features:

Internal diameter: 1.688" internal diameter of center; .7501" , .7495" max, outside diameter second side: 2.246" , 2.242" max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
