Thread Direction:

Left-hand

Shank Style:

Externally threaded

Overall Outside Diameter:

1.7750 inches

Inner Ring Width:

0.8750 inches

Length From Bore Center To Shank End:

2.8750 inches

Alignment Type:

Self-aligning

Thready Qty Per Inch (tpi):

16

Thread Size:

0.750 inches

Product Name:

Bearing rod end

Special Features:

Cage code 9a428 is oem.

Material:

Stainless steel

Style Designator:

Single row, ball

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A044a0
