Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.498 inches and 0.500 inches

Metallic Hardness Rating:

60.0 rockwell c

Face Width:

Between 0.365 inches and 0.385 inches

Bore Inside Diameter:

Between 0.3432 inches and 0.3437 inches

Material:

Steel

Material:

Steel

Style Designator:

Plain

Fsc Application Data:

Vale, fuel, in-flight refueling system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
