Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.873 inches and 0.877 inches

Metallic Hardness Rating:

56.0 rockwell c and 62.0 rockwell c

Face Width:

Between 0.299 inches and 0.301 inches

Bore Inside Diameter:

Between 0.4675 inches and 0.4685 inches

Material:

Steel

Material:

Steel

Style Designator:

Plain

Fsc Application Data:

Engine, aircraft reciprocating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
