Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.311 inches and 0.314 inches

Metallic Hardness Rating:

55.0 rockwell c and 60.0 rockwell c

Face Width:

Between 0.057 inches and 0.063 inches

Bore Inside Diameter:

Between 0.124 inches and 0.125 inches

Criticality Code Justification:

Bcxd

Material:

Steel, corrosion resisting

Material:

Stainless steel

Surface Treatment:

Passivate sp-151 66503

Style Designator:

Plain

Surface Treatment:

Passivate sp-151 66503

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
