Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.318 inches and 0.320 inches

Metallic Hardness Rating:

55.0 rockwell c and 60.0 rockwell c

Face Width:

Between 0.108 inches and 0.112 inches

Bore Inside Diameter:

Between 0.203 inches and 0.204 inches

Material:

Steel, corrosion resisting

Material:

Stainless steel

Surface Treatment:

Passivate sp-151 66503

Style Designator:

Plain

Surface Treatment:

Passivate sp-151 66503

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
