Overall Length:

1.4240 inches

Body Inside Diameter:

0.3024 inches

End Application:

Gyroscope displacement-66777-301-91

Corner Shape:

Square inside left corner

Special Features:

Has beryllium shaft through hole, od one end 0.31235, opposite end od 0.184

Material:

Steel

Style Designator:

Solid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
