Hardness Rating:

60.0 rockwell b and 90.00 rockwell b

Antirotation/lubrication Type And Quantity:

1 slot

Material:

Copper alloy 360

Material Specification:

Qq-b-626, comp 22 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
