Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.4032 inches and 0.4052 inches

Face Width:

Between 3.932 inches and 3.942 inches

Bore Inside Diameter:

Between 0.3160 inches and 0.3180 inches

Special Features:

Surf, id and ends cadmium plated, od nickel plated

Material:

Steel

Material:

Steel

Surface Treatment:

Cadmium and nickel

Style Designator:

Plain

Surface Treatment:

Cadmium plated and nickel plated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
