**Hardness Rating:**

26.0 rockwell c and 32.0 rockwell c

**Surface Finish:**

130.0 microinches

**Special Features:**

30 teeth, 7.8591 pitch dia

**Material:**

Steel comp 8740

**Material Specification:**

Ams 6322 assn standard single material response

**Surface Treatment:**

Lead alloy

**Surface Treatment Specification:**

5714 fscm 66640 mfr ref single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A045a0
