Document Source:

99267

Document Identification:

X2525andx2526

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Vas differentiated by magnetic permeability shall be less than 1.2 before fabrication and not greater than 2.0 after fabrication as measured in a 200 oersted field by a permeability indicator specified in military specification mil-i-17214

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
